Guelph Student Services

Whether new and returning students, or faculty at Guelph Student Services, that office is staffed with one full-time counsellor (Roger Mainland), and two part-time counsellors, Karen McNaughton and Marian Mainland, all professionals, trained to assist you with personal, academic and financial problems. We can also make referrals to community agencies on your behalf when necessary. Remember, Student Services exists to assist you with problems that may interfere with achievement and success in your program.

During the school year, the counsellors offer a number of helpful workshops on achievement, time management, job search and study skills. An orientation match for more information about our first term of study skills workshops entitled, *Realities*.

Another service offered to students is the Peer Tutoring System. Students having trouble with a particular subject are matched with peer tutors — that is, students who are good in that subject. This program has had great success. Don't hesitate to contact a counsellor if you are having course difficulties.

We wish you a happy and successful stay at Guelph College and look forward to meeting many of you.

Hi! I'm Gary Rapp, the President of the Conestoga Student Association. I would like to take this opportunity to welcome all of the new students and also all of the returning students to the Conestoga Campus of Conestoga College. We are looking forward to a great year, full of fun-filled events to help break some of the homesickness involved with your Post Secondary education.

This year we are really looking forward to meeting all of our new incoming students and getting them involved with the college and the G.S.A. activities. We are planning many activities for the Conestoga students to participate in including a bus tour and a meal for the first year students. This will be an opportunity during orientation week to meet the G.S.A. Executive, the second and third year students and hopefully some of your teachers. Together this year we plan to have games, social activities nights and also our famous cooking banquets, plus many more fun events.

I would like to wish everyone a happy first year campus and it will be great to see and meet everyone in September.

See You There.
